I support the funding for the acquisition of Kanewai Spring. I OPPOSE the amendment to delete the funding as proposed by draft FD1 submitted by Councilman Ozawa. My family, the Kaulukukui family, has lived in Kuliouou continuously from 1946 to the present. We have seen Kuliouou change from a beautiful rural place to an overpopulated, poisoned environment. Development for subdivision purposes has killed Maunalua Bay. Preserving Kanewai Spring should have the highest priority.

Written Testimony It is an ancient site that will be lost unless preserved. There is a powerful public interest in such preservation. One million dollars of public funds is a small investment given the return on that investment: preservation of a priceless site. This objective far outweighs the private and personal interests of neighbors who are only concerned with themselves. Shame on them, and shame on Councilman Ozawa for placing selfish personal goals above historic preservation of this valuable site.

Thomas K. Kaulukukui, Jr.
